MEMORANDUM

TO: All State Liquor Store Managers and Agents.

FROM: Eileen Andersen, Freight Traffic Technician
Purchasing and Distribution

DATE: July 5, 1988

SUBJECT: August 1, 1988, Retail Price of 635D & H.

The numeric "Regular Item Price List" of August 1, 1988 and the "Price Book" of August 1, 1988 lists the retail Prices of 635D as \$5.35 and 635H as \$10.50. Bolla Soave It White, 635D and H are both incorrect. Please correct your "Price Book" and "Regular Item Price List" of August 1, 1988 to reflect 635D as \$5.70 and 635H as \$10.20.

All other records are correct and sales will be recorded using the corrected prices.

Contact me at 444-3515, Helena, if you have any questions.

MEMORANDUM

To: ALL ALCOHOL BEVERAGE LICENSEES
SUPPLIERS AND REPRESENTATIVES

FROM: PAUL MARTELLO, Bureau Chief
Purchasing & Distribution

SUBJECT: RETAIL PRICE LIST CLASSIFICATION
EFFECTIVE AUGUST 1, 1988.

Attached is the Liquor Division's Retail Price List Classification to become effective August 1, 1988. This price list covers the months of August, September and October, 1988. Retail selling prices published in the quarterly booklet reflect changes resulting from:

1. Adjustments to freight charges from suppliers to the Helena warehouse to reflect as closely as possible actual freight paid on each product; and
2. Any adjustments by vendors to the F.O.B. case prices of products carried by this division.

In addition to "regular" and "test market" products regularly stocked in most state liquor stores and agencies, new administrative rules will allow you to have access to slower selling products as described below:

"Variable supply" products will be so designated, will have supply maintained in the warehouse on a limited basis with no commitment to a minimum service level, and will be eligible for no more than one facing on selected state liquor shelves depending on demand for the product in a selected store and alcoholic beverage code distribution limitations for table wine.

"Special order" products will not be published in this price list nor have supply maintained in the warehouse, but will be available on an order-by-order basis. This type of product will only be sold by the case as arranged in the special order and will not be placed on any state liquor store shelves.

"Warehouse supply" products will be so designated, will have supply maintained in the warehouse to satisfy approximately 12 single bottle requests per month with no commitment to a minimum service level, and will not be placed on any state liquor store shelves but will only be sold through the state liquor store as specified on the store order form.

“Seasonal” products will not be published in this price list, but will be noticed in a supplemental requisition for merchandise, will not have supply maintained in the warehouse but will have orders distributed to state liquor stores to meet the estimated seasonal demand, and will be eligible for shelf and/or floor display in state liquor stores depending on expected demand for the product in a store.

“Promotional” products will not be published in this price list, but will be noticed in a supplemental requisition for merchandise, will not have supply maintained in the warehouse but will only be received and shipped in the quantity approved for the promotion, and will be eligible for shelf and/or floor display in state liquor stores in the quantity and for the period approved for the promotion.

“Collectible” products will be so designated, will be purchased for limited distribution in less-than-full-case quantities to provide access to collectors based upon past sales histories of similarly designed collectibles with no commitment to a minimum service level, and will be eligible for shelf display in state liquor stores depending on expected demand for the product in a store.

Price increases or decreases are noted in the right hand column entitled “Status” with “PC” which means price change. Also shown beside the “PC” is the plus (+) or minus (-) amount of price change. New listings and closeouts are marked as such and the price list is categorized both for distilled spirits and wine. Closeouts and other miscellaneous information are to be found in the front pages of this booklet.

PRODUCT APPROVAL PROCEDURES

42.11.408 PRODUCT APPROVAL PROCEDURES (1) A liquor division listing committee is established for the purpose of reviewing written product proposals for "test market", "seasonal", "promotional", "warehouse supply" and "collectible" products as required in ARM 42.11.406 and recommending to the liquor division administrator their approval or denial according to criteria in ARM 42.11.406.

(a) The committee is composed of the liquor division assistant administrator, stores bureau chief, warehouse bureau chief, purchasing and distribution bureau chief, and one representative from the Montana tavern association.

(b) The assistant administrator shall chair committee meetings, assure full consideration is given to each proposal in light of criteria in ARM 42.11.406, and bring the committee to a consensus decision about each proposal.

(c) The purchasing and distribution bureau chief shall receive all proposals to be considered by the committee and submit to the committee only those that are complete according to the requirements in ARM 42.11.406. The purchasing and distribution bureau chief shall also prepare an independent analysis of each proposal that is accepted as complete in which the probable effects on inventory, sales, and variety of products in the system are explained.

(d) The stores bureau chief shall prepare an independent analysis of each proposal that is accepted as complete in which the probable effects on merchandising in stores and by retail licensees will be explained. In preparation of the report, the stores bureau chief will consult with a representative sample of store managers, agents, and retail licensees.

(e) The listing committee will meet regularly once a month on the last Monday of the month (or the following working day if that is a holiday) unless the assistant administrator determines that there are no product proposals ready for review. A product proposal shall be deemed ready for review after the independent analysis required in (c) and (d) are completed and the purchasing and distribution bureau chief has submitted the proposal to each listing committee member 2 working days in advance of the meeting. The assistant administrator may call a special meeting of the listing committee when extraordinary circumstances require consideration of listing a "seasonal", "promotional", "warehouse supply", or "collectible" product.

(2) Any proposals which require listing committee review that are received too late for the purchasing and distribution bureau chief or the store's bureau chief to adequately prepare for the next meeting shall be held over to the following meeting.

(3) When determining whether a listing proposal has convincingly demonstrated that the requirements in ARM 42.11.406 will be met, the listing committee shall consider the factors in (a) through (e):

(a) the product's sales history elsewhere in the United States;

(b) the vendor's or vendor's registered representative's written explanation of why the product should do well in Montana;

(c) the projected sales by month for the first two years following the proposed listing's effective date, with the projection differentiated for sales to licensees and walk-in trade at state liquor stores;

(d) the product's expected impact on the market share of other products in the proposed product's sales category by the close of the 18-month test market period; and

(e) the product's placement in test market locations, the initial order amount for each location, and the vendor's planned product promotions for each location.

(4) If a majority of the listing committee determines during its review that additional information is needed before a consensus can be reached, the approval process will be suspended until the assistant administrator can solicit and obtain the information. The approval process will resume when

the assistant administrator determines that the information has been obtained or is not readily available; and

(5) If a majority of the listing committee determines during its review that the vendor's proposal did not provide sufficient information to determine whether the proposal convincingly demonstrated that the requirements in ARM 42.11.406 will be met and could have been reasonably expected to do so, the assistant administrator shall return the proposal to the vendor or the vendor's registered representative with instructions about what deficiencies must be overcome before the committee will consider the proposal.

(6) Proposals which require approval in ARM 42.11.406 shall be approved if the liquor division listing committee reaches a consensus that the written proposal meets all of the criteria in ARM 42.11.406 or shall be disapproved if the committee reaches a consensus that one or more of the criteria were not met and if the liquor division administrator concurs. If the committee cannot reach a consensus, the administrator shall review the proposal and decide.

(7) The purchasing and distribution bureau chief shall implement the results of the approval process by notifying the vendor's representative in writing concerning the disposition of a proposal or the requesting state liquor store manager or agent concerning the disposition of a "warehouse supply" or "collectible" order and, if approved, shall publish the product's listing in the liquor division's quarterly price list.

(8) The effective date of a new listing is the effective date of the next liquor division quarterly price list that will be published 60 days or more after a new product is approved. Quarterly price list effective dates are February 1, May 1, August 1, or November 1. (History: Sec. 16-1-303 MCA; IMP, Secs. 16-1-103, 16-1-104 and 16-1-302 MCA; NEW, 1988 MAR p. 87, Eff. 1/15/88.)

42.11.409 DELISTING, REVISED LISTING, CLOSEOUT AND OVERSTOCK

(1) A listed product that no longer meets the minimum sales standard in ARM 42.11.407 will be listed in a classification commensurate with its sales volume unless the sales volume is projected to be less than that for a "warehouse supply" product, in which case the product will be delisted and closed out in accordance with ARM 42.11.104(6).

(2) A product that a vendor discontinues and is not marketed by another vendor will be delisted and closed out in accordance with ARM 42.11.104(6).

(3) Inventory in excess of the projected 12 months of sales for a product will be treated as overstock in accordance with ARM 42.11.104(6).

(4) The effective date of a delisting, revised listing, closeout sale or overstock sale is as soon as written notice can be disseminated to state liquor stores. (History: Sec. 16-1-303 MCA; IMP, Secs. 16-1-103, 16-1-104 and 16-1-302 MCA; NEW, 1988 MAR p. 87, Eff. 1/15/88.)

Rules 42.11.410 through 42.11.419 reserved.

42.11.420 TRANSITIONAL RULE (1) For the purpose of phasing in the removal of a product from the "regular" category, the annual net profit for a product shall be:

(a) \$250 for the liquor division price list that will be effective on February 1, 1988 and May 1, 1988;

(b) \$500 for the liquor division price list that will be effective on August 1, 1988 and November 1, 1988;

(c) \$750 for the liquor division price list that will be effective on February 1, 1989 and May 1, 1989; and

(d) as in ARM 42.11.407 for the liquor division price list that will be effective on August 1, 1989 and for each price list thereafter.

(2) For purposes of listing new products, the annual net profit in ARM 42.11.407 shall be effective for the liquor division price list that follows the effective date of this rule. (History: Sec. 16-1-303 MCA; IMP, Secs. 16-1-103, 16-1-104 and 16-1-302 MCA; NEW, 1988 MAR p. 87, Eff. 1/15/88.)

STATE PRICING FORMULA

42.11.104 RETAIL SELLING PRICE (1) The retail selling price of liquor, other than fortified wine, as defined in 16-1-106(11), MCA, is determined by adding:

- (a) the department's base case cost; and
- (b) the state markup of 40% on the department's base case cost.

(2) The retail selling price of fortified wine containing more than 16% but no greater than 24% alcohol by volume is determined by adding:

- (a) the department's base case cost; and
- (b) the state markup for fortified wine bottled in the following sizes:

(i) 1.50 liter is marked up at 42% on the department's base case cost plus 27 cents per bottle;

(ii) .750 liter is marked up at 51% on the department's base case cost plus 12 cents per bottle;

(iii) .375 liter is marked up at 59% on the department's base case cost plus two cents per bottle;

- (c) Fortified wine bottled as .720 liter is marked up the same as .750 liter.

(3) The retail selling price of table wine as defined in 16-1-106 (22), MCA, containing not less than 0.5% or more than 16% alcohol by volume is determined by adding:

- (a) the department's base case cost; and

- (b) the state markup for table wine bottled in the following sizes:

(i) 1.50 liter and larger sizes are marked up at 41% on the department's base case cost plus 68 cents per bottle;

(ii) 1.00 liter is marked up at 58% on the department's base case cost plus 25 cents per bottle;

(iii) .750 liter and smaller sizes are marked up at 49% on the department's base case cost plus 49 cents per bottle.

(c) The selling price of table wine that results from adding subsections (a) and (b) is rounded up to the nickel.

(4) For liquor and fortified wine, "base case cost" means the supplier's quoted price plus freight charges from the supplier to the state warehouse and the average freight to all state liquor facilities. For table wine, "base case cost" means the statewide weighted average cost, which is the supplier's quoted price plus freight charges from the supplier to the state warehouse and the average freight to all state liquor facilities, and applicable taxes as provided in Title 16, chapter 1, part 4, MCA.

(5) For liquor and fortified wine, the cost to the retail purchaser is the retail selling price plus applicable state taxes as provided in Title 16, chapter 1, part 4, MCA, the total of which is rounded up to the nickel. For table wine, the cost to the retail purchaser is the retail selling price as provided in subsection (3).

(6) The department may reduce the retail selling price of products which the department has designated for closeout or are determined to be overstocked in order to encourage their purchase and elimination from the state inventory. Closeout products are those that the department has removed from its published listing of classes, varieties, and brands of liquor and table wine to be kept for sale at any state liquor facility. Overstocked products are those classes, varieties, and brands of liquor and table wine which are in the state's inventory in an amount greater than would be sold in a 12-month period.

YOU'RE IMPORTANT TO US

That's the reason behind this customer survey. We hope you'll take the time to note your opinions, tear out this page, and return the survey to us. Every one will be carefully studied.

For example, whether a customer happens to be a licensee or individual consumer we would be interested to know if they travel long distances in order to buy at a larger store because of longer hours, larger selection, better service, etc. as opposed to nearer smaller stores they may have bypassed. We're also anxious to know how you feel about the particular store wherever you choose to do business.

Please don't hesitate to give us your ideas. Any additional comments may be written on the back of the page. Send to:

METRIC CONTAINER SIZES

The federal government requires that alcoholic beverages be bottled in metric sized containers. Metric conversion for wines was mandated to be completed by January 1, 1979; for distilled spirits by January 1, 1980. While there may be some old stock in non-metric sizes still in our system, most of our merchandise is now in metric bottles. The chart below indicates which sizes our code letters specifically designate.

DISTILLED SPIRITS

Montana Code Letter	Metric Size	No. Bottles Per Case	U.S. Fluid Ounces
H	1.75 Liter	6	59.2 oz.
E	1 Liter	12	33.8 oz.
